

## Environmental Policy Statement

Powerstar recognises its responsibility to conduct operations, provide services and manufacture products in a manner that is responsible to the earth's environment and protective of its natural resources and to this end has established the following Environmental Policy in line with the standard BS EN ISO 14001:2015; the pursuit of this policy requires Powerstar to focus attention upon the following key principles:

### Environmental Legislation

- Comply with all relevant environmental legislation, regulations, codes of practice and other regulations to which it subscribes.

### Management System

- Implement a documented Integrated Management System, in which is set environmental objectives and targets, and we monitor performance to enable continual improvement.

### Communication

- Promote awareness amongst employees (and where applicable sub-contractors) of the importance of environmental issues to the business and the environmental impact of the business activities. This policy is available to the public and stakeholders on request.

### Resources, Materials and Products

- Conserve resources and materials, and manage their use efficiently, through implementation of waste minimisation programs and by encouraging the use of the waste hierarchy reduce, reuse, recycle and treatment where appropriate.
- The production of products that are supplied include consideration of environmental impact throughout the product lifecycle.

### Operation of the Business

- Powerstar operates the business efficiently with consideration for environmental, social, and economic impacts and values, and our relative competitive position.
- To satisfy customer requirements we provide the design, production, and installation of energy savings products.
- A high value will be placed on the control and improvement of environmental performance and the prevention of pollution.
- The environmental impact of significant changes to equipment or processes is assessed as part of the approval process.

The undersigned will arrange company meetings and communications as required, to ensure that the requirements are understood and maintained.

Chris Boyd, Head of SHEQ
